

## CITRUS TAR REMOVER

This product is a natural viscous citrus solvent based degreaser and tar remover ideally suited for pre-spraying tar spots on vehicles prior to washing with rig wash.

This product contains zero acids, petroleum distillates, chlorinated solvents, or alkali. It is non-corrosive and leaves a pleasant citrus scent.

### DIRECTIONS

**Tar Removal:** Apply the product undiluted to affected areas using a sprayer or sponge. Wait 3-5 minutes before washing with detergent and hot water.

**Lighter Degreasing (Equipment and Vehicles):** Dilute with water to desired strength. Wait 3-5 minutes before rinsing with hot water.

**FOR COMMERCIAL USE ONLY**
